Center for Health Equity
Research Rounds

and the Clinical and Translational Science Institute

Present:

“FIVE GENERATIONS OF RESEARCH ON HEALTH DISPARITIES”

Thursday April 4th, 2013
12:15pm - 1:30pm, Lunch Provided
Moos 2-620, University of Minnesota

Nancy E. Adler, PhD

Vice-Chair of the Department of Psychiatry,
Director of the Center for Health and Community;
Lisa and John Pritzker Professor of Psychology, in the
Departments of Psychiatry and Pediatrics at the
University of California, San Francisco.

A graduate of Wellesley College and Harvard University, Dr. Adler is a
member of the Institute of Medicine and the American Academy of Arts
and Sciences. Her research has examined the utility of decision models for
understanding health behaviors with particular focus on reproductive
health and the pathways from socioeconomic status (SES) to health. Within the MacArthur
Foundation Research Network on SES and Health, which she directed, she focused on the role of
subjective social status. Dr. Adler has received numerous awards for her work, including, the David
Rall Medal from the IOM, and was named a National Associate of the National Academies of Science.

Funding provided in part by a grant from the National Institute on Minority Health and Health Disparities (1P60MD003422) to the University of Minnesota Center for Health Equity and by 1UL1RR033183 (PI Blazar) from the National Center for Research Resources to the University of Minnesota Clinical and Translational Science Institute (CTSI). The views expressed by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services.
