Step Three: Click +Enroll in Course

Optimizing the Practice of Mentoring

(Online, self-paced, ~2 hour completion time). This course is designed to help faculty members or other experienced scientists become more effective research mentors for graduate students, postdoctoral fellows, and early-career faculty. Learners are introduced to different mentoring models, roles that research mentors play in their mentees’ development, strategies for building effective relationships with mentees, and application of these strategies to common mentoring scenarios.

Step Four: Click View Details
